

SERVICES

Because of the shorter lifespan of our pets, we stress the importance of, at minimum, an annual physical examination. Thorough check-ups and preventive care can help alleviate serious health problems. We offer a wide range of veterinary services to keep your companions feeling their best:

- Diagnostic and Therapeutic Services
- Surgical Services
- Anesthesia
- Internal medicine consults
- Radiology Services
- Electrocardiography Services
- Dentistry
- Laboratory
- Permanent identification
- Pharmacy
- Individualized Flea Control Programs
- Dietary Counseling
- Behavioral Counseling
- Emergency Care

Mission Statement

The Animal Clinic of Sturgeon Bay commits daily to provide compassionate care for the pets and families we serve. We strive for excellence, serving others as we would want to be served, and we encourage pet owners to be a part of their pet's healthcare team.

Vision Statement

To exceed expectations as we glorify God by being faithful stewards to the animals He has entrusted to us.

Animal Clinic of Sturgeon Bay

The Animal Clinic of Sturgeon Bay is a well-established, full-service, small animal veterinary clinic providing comprehensive medical, surgical and dental care for dogs and cats. At Animal Clinic of Sturgeon Bay our mission is to caringly and compassionately provide your pet with optimal wellness and preventive health care, diagnostics, and treatment. We will work with you to provide your pet with a longer, healthier and happier life.

We treat every patient as if they were our own; and, we treat every pet owner as we would want to be treated. Our clients are our friends and neighbors; we wouldn't want it any other way.

We provide a broad spectrum of diagnostic, surgery and treatment services in our clinic.

Our clinic includes a well-stocked pharmacy, in-hospital surgery suite, in-house radiography and laboratory capabilities, and a closely supervised hospitalization area when needed.

It is our commitment to provide quality veterinary care throughout the life of your pet. Our services and facilities are designed to assist in routine preventive care for young, healthy dogs and cats; early detection and treatment of disease as your pet ages; and complete medical and surgical care as necessary during his or her lifetime.

*We strive for excellence,
serving others as we
would want to be served...*

Compassionate Veterinary Care

*We commit daily to provide
compassionate care to the pets
and families we serve.*

*We strive daily to provide excellent
medical care and client service.*

We believe in the Golden Rule

*We commit as a team to
exceed expectations.*
